## Accounting highlights

## Performance in the first quarter of the 61st business year <br> [Actual results]

Net sales: 65,983 million yen (YoY change $+7.9 \%$ ), Gross profit margin: $20.1 \%$ (YoY change -1.0 pt )
Selling, general and administrative expenses (SGA): 9,319 million yen (YoY change: - $0.8 \%$ ), Operating income: 3,915 million yen (YoY change: $+12.3 \%$ )
Quarterly profit attributable to owners of parent: 2,675 million yen (+5.6\%)

- Despite difficult conditions, including a downturn in demand due to the slowdown in overseas economies, our logistics and digital systems and various initiatives led to an increase in sales.
- Although the gross profit margin saw a YoY change of -1.0 pt due to the time lag in higher purchase prices pass-through to selling prices, etc., selling, general and administrative (SGA) expenses decreased, resulting in an increase in income.

## Outlook for the full 61st business year

[Budget]
Net sales: 265,090 million yen (YoY change $+7.6 \%$ ), Gross profit margin: 20.9\% (YoY change - 0.3 pt)
Selling, general and administrative expenses (SGA): 39,650 million yen (YoY change: $+5.8 \%$ ), Operating income: 15,700 million yen (YoY change: +7.0\%)
Profit attributable to owners of parent: 10,920 million yen ( $+2.8 \%$ )

- Although we must remain cautious due to the slowdown in overseas economies, we aim to increase sales by improving convenience through the use of our large inventory held at 28 logistics centers nationwide, state-of-the-art logistics equipment, and product data.

## Points

- By maintaining an abundant inventory, we are able to provide our customers with immediate delivery and one-stop purchasing, and at the same time, we are able to achieve "assortment" of multiple orders into a single box for shipment.
- We carried out business activities that also help to reduce our environmental impact, such as strengthening efforts in "MRO Stocker," which enables product procurement at the factory at any time, and strengthening efforts in our "Naojiro" repair workshop.

## [Consolidated] Business performance by sales route: (Home center route)

This route delivers our products to consumers through home centers and pro-tool shops. As companies are strengthening their e-commerce businesses, we aggressively proposed services utilizing our inventory of approximately 570,000 items and logistics capabilities, resulting in a YoY change in net sales of 16.2\%.

## Points

We consolidated commercial distribution channels and acquired a new right to supply products through collaborative efforts between our stores and EC site. In addition, we also saw an increase in sales at pro-tool shops, which are dealers that target professional craftspeople and factory workers who have a high affinity with our company.

- Utilizing the approximately 3.31 million items we have for sale and approximately 570,000 items we have in stock for instant delivery, we expect to continue expanding sales by enhancing the product lineup in our stores and EC site.

## [Consolidated] Business performance by sales route: (Business performance of subsidiaries)

We strengthened our sales activities by reviewing inventory items and developing local customers and suppliers.

## Points

- By enhancing the development of personal suppliers for local top brands in Thailand, and by reviewing inventory items in Indonesia, we have shortened the delivery lead time and expanded the sales area through transactions with new customers of local companies.
- With regards to sales to other overseas regions, we worked to expand transactions by opening new accounts with EC companies mainly in the AsiaPacific region.

## "Vision" - Capacity targets -

02
We want to be a company that can take orders 24 hours a day and ship 365 days a year.

03
We want to be a company without product shortages, incorrect orders, or incorrect shipments.

04
We want to be a company without inventory work. (Inventory variance ratio at the end of 2022: 0.43\%)

We want to be a company that can ship directly to users without stress, even if we are a wholesaler.

We want to be a company that can respond to quotations
instantly.
(Automated estimate response rate as of December 31, 2022: 22.6\%)

07 We want to be a company that can achieve the "fastest," "shortest," and "best" deliveries in the industry.

We want to be a company with the smallest possible environmental impact.

We want to be a company that is active in recycling, reuse, and returnables.
(Repair workshop "Naojiro" FY2022 results: 1,817 million yen)

10 We want to be a platform operator that supports Japanese manufacturing.

11 We want to be a company that can rewrite the conventional thought, customs, set theories, and playbook of the industry.

## TRUSCO＇s＂Gentleness for the Future＂Project

We have been making various environmental efforts under our environmental philosophy ＂Gentleness for the Future＂since 1998，based on our desire＂to be a global environment－ friendly company so that our small efforts will lead to great compassion for the future．＂
The idea of connecting the global community to the future has been ingrained in the company for more than 20 years before the term＂sustainability＂became popular．
Until now，＂Gentleness for the Future＂has only referred to the environment．From now on，as part of TRUSCO＇s＂Gentleness for the Future＂Project，we will work toward the future of people and society，including the global environment．

## ＂Gentleness for the Future＂Basic Policy－TSV

Under the motto，＂Business must serve people and society，＂the Company will create both social value and corporate value（TSV＊）through its businesses to help resolve social issues and build sustainable local communities．
＊The term TSV was created by combining TRUSCO and Creating Shared Value（CSV）．
Based on this basic policy，we will continue our efforts toward the future of people and society．

## TRUSCO Air Forest For Factory

 Product number: AFF250 etc.This is an air freshener for factories. It eliminates odor components found only in factories, such as the odor of deteriorated cutting oil. Formulated with "functional tree extracts" that are effectively taken from thinned wood found in the Sakhalin fir forests of Hokkaido, this product helps to create a "recycling-oriented society" by making use of unused thinned wood that is left behind in the forests.

Role of repair workshop "Naojiro"
It is a service that maintains the safety and precision essential for pro tools, and aims to reduce the environmental impact and contribute to cost reduction by allowing familiar tools and equipment to be used for a long time. In January 2022, the Company will relaunch its Naojiro section to popularize and enhance this service.
