A-(1) [Consolidated] Business performance

- The business performance forecast was revised on October 29, 2020.
- Consolidated net sales: Down 3.3% year on year, +0.7% from the budget. The number of business days was larger by four than in the same period a year earlier. (Number of business days last year: 235, this year: 239)
- * The number of business days is the non-consolidated number.
- Consolidated gross profit margin: 21.5%, up 0.2 percentage points year on year, for reasons of factors (1) and (2) mentioned below.
- => (1) Sales in the category of protective equipment, including face masks and gloves, with high gross margin ratios expanded due to the COVID-19 pandemic (up 15.6% year on year). (2) Total gross profit margin rose after growth in sales on the e-business route (See p. 11 for details on the e-business route).
- SGA (up +5.0% year on year): The main factors were increased depreciation due to capital expenditures, and higher commission fees (maintenance and inspection) related to logistics equipment and systems.

Employee overtime payments have trended downwards (see pp. 21 and 22 for details on SGA).

■ Factory route: Down 7.8% year on year

Although business conditions were turning around after the state of emergency, capital expenditure projects remained weak due to the COVID-19 pandemic. As factories began to resume operation, sales of consumables rallied gradually. (See p. 10)

■ e-business route: Up 11.4% year on year

Sales to mail order companies surged by 13.0% year on year, and those to companies participating in Orange Commerce increased by 6.2%. (See p. 11) While sales to some mail order companies slowed due to poor business confidence, orders mainly from B2C mail order firms increased after a rise in products handled and the effect of people remaining at home due to the COVID-19 pandemic, which led to sales growth.

I Home center route: Up 15.6% year on year

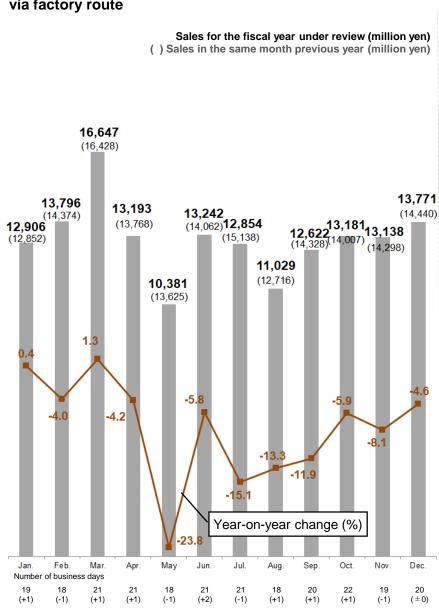

With a rise in DIY demand due to the stay-at-home effect and a surge in sales after the change of suppliers, transactions with leading home centers were strong. Sales to pro-tool shops continued to grow. (See p. 12)

■ Overseas route: Down 14.5% year on year

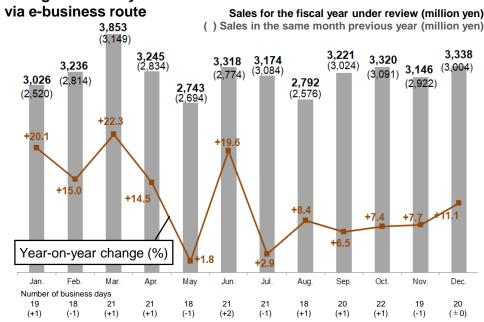

A slowdown in sales due to reduced production from the pandemic, primarily in the automotive industry, was seen in Thailand and Indonesia. While the effect on overall business performance is minor, continued and proactive efforts will be made to strengthen business with existing customers and develop new customers. (See p. 13)

B-(2) [Consolidated] Change in Monthly Sales by Sales Segment

2016

B-(5) [Consolidated] Sales to top 10 clients in the home center route

As a professional-tool wholesaler, Trusco Nakayama has focused on dealing in pro tools and actively proposed to general hardware mass discounters that allot part of their floor spaces to pro-tool shops. Trusco Nakayama will work on enhancing its comprehensive marketing power by stepping up sales of its products via the home center route where pro-tool shops and material shops are housed.

I Ranking of sales to general hardware mass discounters

(Uni	ts: mi	llion	yen;	%)
------	--------	-------	------	----

Ranking	Name of client	FY ended December 2019	EV anded	YoY change
1	DCM Hodaka (Pro-tool Shop)	1,956	2,119	+8.3
2	Nufco	1,569	1,929	+22.9
3	Kohnan Shoji	1,270	1,871	+47.3
4	Cainz	1,154	1,353	+17.3
5	Royal Home Center	1,322	1,341	+1.5
6	DCM Kahma	1,181	1,296	+9.7
7	DCM Homac	1,149	1,191	+3.6
8	Shimachu	897	973	+8.4
9	Komeri	583	724	+24.1
10	DCM Daiki	553	639	+15.5
	Combined sales to top 10 companies	11,638	13,439	+15.5
	Combined sales via home center route	14,703	16,992	+15.6
	Percentage share of sales to top 10 companies	79.2	79.1	-0.1

The number customers visiting home centers has increased in connection with stay-home practices due to the coronavirus pandemic, resulting in higher sales. In addition, strong sales have been achieved due to a higher number of product items being procured from the Company. On another front, general hardware mass discounters are working to integrate online stores with physical stores to improve services for visiting customers. This allows the Company's inventory to be used with greater convenience.

■ Sales to DCM Holdings
Total: ¥5,819 million (up 7.3% year on year)
DCM Hodaka, DCM Kahma, DCM Homac, DCM Daiki,
DCM Sanwa, DCM Kuroganeya, Keiyo, DCM ONLINE

Sales to pro-tool shops Total: ¥2,147 million (up 12.0% year on year) Pro-tool shops refer to dealers specializing in tools for professional craftspeople and factory workers. They are so compatible with our products that sales to them are rising.

Company names are presented in abbreviated forms.

B-(6) Business performance of overseas subsidiaries

I Non-consolidated business performance of overseas subsidiaries

FY ended December 2020 Million yen

		Net sales	Gross profit	Selling, general and administrative expenses (SGA)	Operating income	Ordinary income	Net income
TRUSCO NAKAYAMA	Actual results	573	127	147	-19	-19	-19

INDONESIA 1 rupiah = 0.0073 yen	Share against net sales	-	21.5%	57.1%	-	-	-
(0.0079 yen a year earlier)	YoY change	-20.4%	-30.7%	-18.4%	-	-	-

I Overall conditions for the 58th Business Year

Amid the COVID-19 pandemic, Thailand re-extended the period of its state of emergency and Indonesia toughened its large-scale social restrictions, which resulted in the suspension of factory operation, the adjustment of production, and sluggish sales. PT.TRUSCO NAKAYAMA INDONESIA changed its president in April 2020 and officers and department managers in October 2020. TRUSCO NAKAYAMA CORPORATION (THAILAND) changed its president in January 2021.

I Overall conditions for the 59th Business Year

In a bid to establish deeper ties with important clients in the future, the two subsidiaries will strive to increase their necessary inventories to improve product databases for mail order companies and to acquire distributor rights from suppliers.

▮ Demand changes by product FY ended December 2020

B-(10) [Non-consolidated] Sales by category of goods featured in the TRUSCO Orange Book

I Tools that increase customers' convenience

TRUSCO Orange Book

TRUSCO #モノづくり大辞典

This is a set of catalogs featuring a wide range of professional tools required in manufacturing. The TRUSCO Digital Orange Book is also available, integrating the userfriendliness of hard-copy catalogs with the portability and search features of online content.

Number of items listed:

Approx. 471,000 (2021 edition)

1,851

Number of manufacturers:

Total number of pages: 17,136

Annual circulation: 190,000 copies Size:

A4 (changed from B5)

TRUSCO Orange-Book.Com

This is a one-stop website on which it is possible to search for and purchase professional tools. It also supports quotation, order, return and real-time stock status view functions. Revamped last year, its search features and userfriendliness have improved.

Number of items featured: Approx. 2.33 million Share of orders received via computer systems:

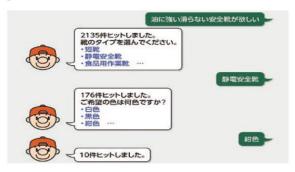

83.9%

Safety data sheets, drawings and contained chemical substances investigation sheets are downloadable.

Available 24 hours per day

TRUSCO Al Orange Rescue

This is an interactive goods search service based on AI learning functions. The service can respond to queries instantly. It supports natural language, synonyms and technical terms in specific industries.

Al Kokomite-kun (chatbot) responds in natural language.

Voice input supported Available on smartphones

I Sales by category of goods listed in the TRUSCO Orange Book and constituent ratios

Sales by product category are classified and displayed according to the categories listed in the TRUSCO Orange Book.

Among the private brand goods, sales of environmental safety equipment, such as face masks and protective equipment rose following the growth of COVID-19-related demand. However, a decline in capital expenditures and other factors resulted in a sales shrinkage of other products.

■ PB sales ratio by category of goods

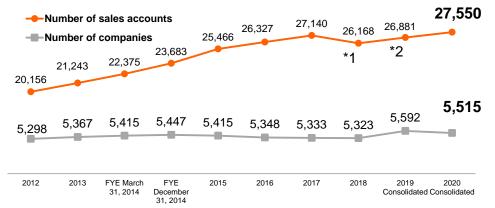

C-(1) Number of suppliers, sales of newly listed goods, number of items in inventory, hit rate, number of sales accounts and number of companies

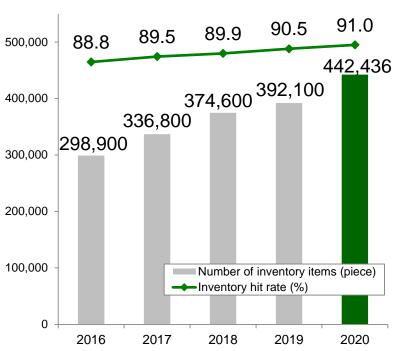

1. [Non-consolidated] Changes in the number of suppliers and sales of goods newly listed in the TRUSCO Orange Book

3. [Consolidated] Change in number of sales accounts and companies

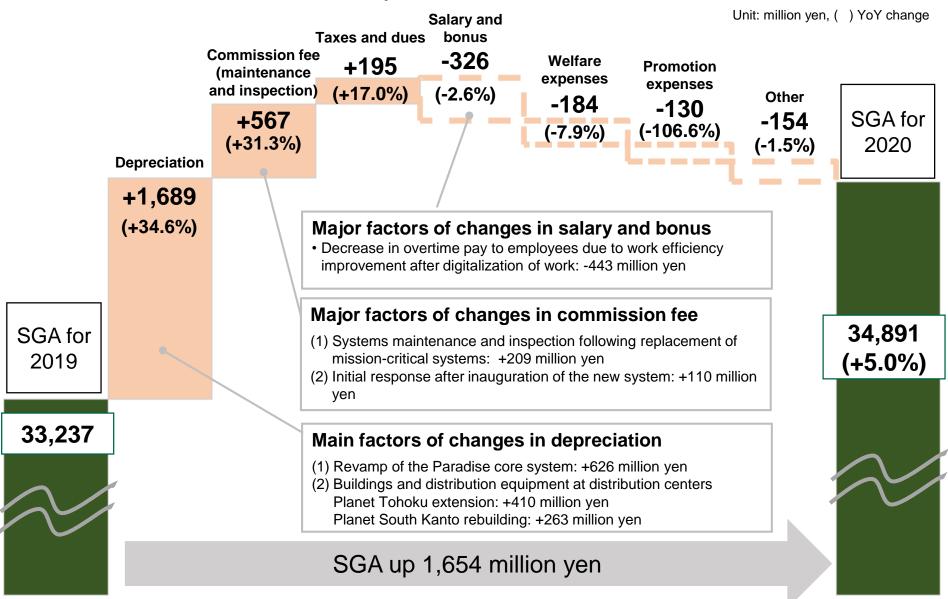

2. [Non-consolidated] Change in the number of inventory items and the inventory hit rate $$_{\rm (Piece,\ \%)}$$

- 1. Products newly listed in our product catalogue, TRUSCO Orange Book, for the relevant year account for approximately 4% of total sales.
- Inventory hit rate: Number of rows used for products shipped from inventory divided by the total number of rows used for orders.The number of items and the inventory hit rate are increasing year after year.
- 3. The number of accounts is experiencing an upward trend amid growth of transactions with corporate customers with multiple stores.
- *1 The reduction in the number of accounts in 2018 is mainly attributable to deregistration of accounts due to the termination of transactions with customers using the home center route.
- *2 The numbers of companies and accounts including overseas subsidiaries are presented from 2019 onwards.

■ Change in capital expenditures

Capital expenditures

80.6

55.4

- The investment amount may fluctuate because the scheduled amount of capital expenditures includes expenses for projects at the planning stage.
- The figures for the 59th business year represent values on a cash-out basis.

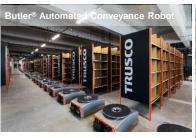

For FYE December 31, 2021, depreciation of 7,000 million yen (up 500 million yen year on year) is planned.

Annual capital expenditures

D-(5) FY2020: Major capital expenditures and topics

Extension at Planet Tohoku

In operation since May 7, 2020

Outline

■ Location: Sendai City, Miyagi Prefecture ■ Site area: 4,550 tsubo

■Total floor area: 8,591 tsubo after extension Extended building: Six stories

■Expenditures: 7,200 million yen for building and facilities

INo. of items in stock: Approx. 135,000

ITarget no. of items: 400,000

■ Facilities introduced: Automated bucket warehouse, AutoStore, Butler,

SAS, GAS and I-Pack

During the extension work the AutoStore and Butler® systems were installed, and a structure with the meeting rooms looking down on the AutoStore installation was adopted. In addition, a new disaster stockpiling warehouse was installed to ensure that the supply of the products needed during a disaster does not stop. A multistory parking facility with capacity for 108 vehicles was also installed.

Rebuilding at Planet South Kanto

In operation since August 17, 2020

Outline

■Location: Isehara City, Kanagawa Prefecture

Site area: 3,662 tsubo
Total floor area: 7,884 tsubo

■Structure: Four aboveground stories and one basement (for parking spaces) with

base isolation

■Planned expenditures: 11,400 million yen for building and facilities

■No. of items in stock: Approx. 112,000 ■Target no. of items in stock: 400,000

■ Facilities introduced: Automated bucket warehouse, AutoStore, Shuttle Rack, DAS

and electric pallet rack

This facility will introduce the Company's first Daifuku Shuttle Rack, one of the Company's largest automated warehouse systems and other distribution equipment to improve shipping efficiency and to achieve high density storage. Additionally, a truck berth with a 22-meter overhanging section will improve work efficiency during rainy weather, and by setting the height of the underground parking facility to allow delivery trucks to pass through, it is now possible to conduct delivery and pick-up operations without inconveniencing the surrounding neighborhood, even at night. A day-care nursery has also been set up inside the distribution center to create a comfortable work environment.

D-(6) FY2020: Major capital expenditures and topics (2)

The *Paradise 3* core system comes into operation on January 6, 2020.

The Company revamped its *Paradise* core system for order receipt and placement, and accounting management.

The design concept of the new system is to automate everything that can be automated. It supports the Sokuto Meijin, Al-assisted automatic estimation system, and automated stocking of top-selling products. Achieving improvement in productivity, speed and accuracy of the Company's operations, it increases convenience for suppliers, customers and end users.

Total expenditures: Approx. 4,300 million yen Ratio of automated estimation: 8.1% (as of the end of December 2020)

The Company was selected among the DX Stocks 2020 and received a DX Grand Prix 2020 on August 25.

The Company was selected as one of the DX Stocks 2020 and as a winner of the DX Grand Prix 2020 by the Ministry of Economy, Trade and Industry and the Tokyo Stock Exchange. DX stocks and DX Grand Prix winners are jointly chosen annually by the Ministry of Economy, Trade and Industry and the Tokyo Stock Exchange as part of their initiatives for encouraging strategic IT investments that lead to medium- and long-term improvement in corporate value and competitiveness. For FY2020, 35 companies were selected for DX Stocks. Among those, companies who are leaders in the digital age are picked as DX Grand Prix winners. For FY2020, DX Grand Prix was awarded to Komatsu Ltd. and the Company.

E-(1) Management plan

◆Budgeting policy

The forecast is used as the entire company's budget, which is the total of the "annual budget of each branch prepared by the branch manager throughout Japan." The branch managers, who are familiar with their market, formulate their respective branch's budget as they are in charge of developing their branch strategy including staffing and are ultimately accountable for their branch.

E-(2) [Consolidated] Monthly sales budgets for 2021

Although it is unknown when the long-lasting U.S.-China trade war and the COVID-19 pandemic will end, market conditions are gradually rallying. Considering extraordinary demand in the Jan.-Mar. period last year due to the COVID-19 pandemic, business performance for the same period of 2021 is forecasted to be poorer than or at the same level as in the previous fiscal year. For the period starting in April, when sales dropped following the declaration of a state of emergency in 2020, we anticipate that sales will turn gradually higher than in the previous fiscal year.

I [Consolidated] Monthly sales budgets for 2021

I [Non-consolidated] Daily sales budget by month for 2021

E-(3) [Consolidated] Selling, general and administrative expenses (SGA) for 2021

35,250 million yen (up 358 million yen or 1.0% year on year)

Principal details are as follows. YoY comparison is in the bracket.

Factors for increase

(1) Depreciation: 7,035 million yen (Up 7.2% or 469 million yen)

- 1) Rebuilding of Planet South Kanto logistical center, logistical equipment and others
- 2) Extension of Planet Tohoku logistical center, logistical equipment and others

(2) Freight and packing expenses: 6,404 million yen (Up 1.8% or 112 million yen)

- 1) Shipment volume is forecasted to rise following a sales increase.
- 2) The volume of direct shipment to users is expected to rise due to increasing transactions with mail order companies.
 - * The fares for direct shipment to users are at the expense of customers.

[Reference] Salary and bonus: 12,115 million yen (Up 0.1% or 8 million yen)

- 1) Forty-three new employees have joined the Company for FYE December 31, 2021. The number of new employees is 43, down 36 from the previous year.
- 2) Overtime pay is expected to increase for the April to December period due to sales growth while it is forecasted to decrease for the January to March period.

Factors for decrease

(1) Leasehold and office rents: 353 million yen (Down 36.1% or 199 million yen)

1) The lease contract for a warehouse during the period of rebuilding Planet South Kanto is cancelled.

(2) Advertising expenses: 566 million yen (Down 23.9% or 177 million yen)

1) The shareholder benefit program is abolished.

E-(4) FY2020: Major capital expenditures and topics

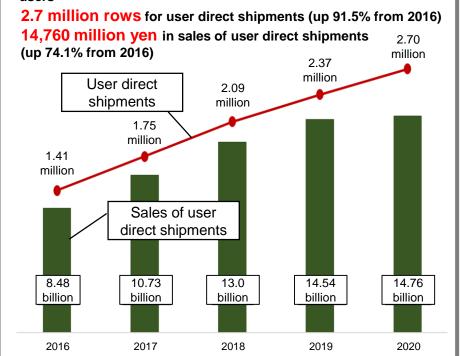

Expansion of I-Pack Business

As online shopping companies' procurement of goods is becoming common among manufacturers, requests for direct shipment to users are quickly increasing.

In view of the expansion of actions with online shopping companies, labor shortage in the whole industry, users' requests for shorter delivery lead times, it is certain that direct shipments to users will continue to grow. The Company therefore thinks it is essential to strengthen its system for direct shipments.

- Shipping capacity: 720 cs/h per line, equivalent to approx. 24 workers I-Pack introduced to: Planet Tohoku, Saitama, Tokai and Osaka (to a total of five lines (two in Planet Saitama and one in each of the remainder))
- Direct shipments from logistical centers in the whole country to users

Future specific actions

Increase the maximum I-Pack shipping capacity at Planet Saitama Expected expenditures for the fiscal year: Approx. 580 million yen

	Quantity		Capacity	
Facility	Present	Future	Present	Future
(1) I-Pack lines	' '			
(2) GAS units for I- Pack	2	6 (+4)	Injection of 8,000 parcels	Injection of 15,200 parcels
(3) I-Pack worksites	10	19 (+9)	per day	per day
(4) Destination sorting robot	0	1 (+1)	-	300 sorting sessions per hour

Land acquisition at several locations

With an eye towards future sales expansion, the Company will acquire land at different locations. While revising its expenditure plan, the Company will continue with the capital expenditures necessary to properly respond to manufacturers' needs for a wide variety of products in small quantities.

1. Land acquisition for Planet Aichi (tentative)

■ Location: Kita-Nagoya-shi, Aichi Prefecture

(Land readjustment project site in the West of Okimura in Kita-Nagova)

Nagoya)

■ Site area: 12,595 tsubo

■ Expenditure for 2021: Approx. 1,410 million yen

■ Total expenditure: To be determined (under planning)

2. Land acquisition for HC East Japan Distribution Center

■ Location: Fukujimashinden, Sanjo-shi, Niigata Prefecture

I Site area: 7,986 tsubo

■ Expenditure for 2021: Approx. 380 million yen

■ Total expenditure: To be determined (under planning)

Unit: 10 thousand yen

I Average age and annual income

	Avera	age age (y	ears)	Average annual income (million yen)						
	Females	Males Total		Career	Area	Logistics	Total			
2020	32.1	41.9	38.4	7.21	6.01	4.61	6.19			
2019	31.3	42	38.2	7.58	6.42	4.92	6.55			
2018	30.9	42.1	38.2	8.04	6.80	5.20	7.01			
2017	30.7	42.7	38.6	8.05	6.96	5.41	7.15			
2016	30.6	43.5	39.3	7.57	6.51	5.19	6.74			

- * The total average annual income includes executive officers and excludes financial bonds provided as retirement benefits.
- * The payment of performance-based bonuses commenced in FY2014. In 2019, they were discontinued, and bonuses decreased.
- * Consolidated accounting has been applied to the fiscal year ended Dec. 2019 and later fiscal years. From the fiscal year ended Dec. 2019 onwards, the average age figure is on a consolidated basis, whereas all the average annual income figures are on a non-consolidated basis.

I Number of bases [Consolidated]

as of the end of December 2020
